

Model 7030/7030H

Odyssey[®] 1000

GARAGE DOOR OPENER

Quiet yet powerful performance with superior convenience.

The Genuine. The Original.

Odyssey[®] 1000 Garage door opener with belt or chain drive

For use with residential sectional doors up to 14 ft high and one-piece doors up to 8 ft high.

- **Powerful:** 3/4 HPc* DC motor operates most residential doors at a speed of up to 7.5 inches per second.***
- **Quiet:** Belt and chain provide smooth and quiet operation.
- **Bright Lighting:** Two-bulb lighting system provides added security and convenience.

7030/7030H

* Designates that it meets Overhead Door's lifting force specification for 3/4 horsepower garage door openers.
** Limited, non-transferable warranty. See owner's manual for details.
*** +/- 0.5 inches per second. Speed will slow with one-piece doors.

Standard features

DC power

Powerful 3/4 HPc* DC motor operates with minimal noise.

Quiet operation

Belt and chain drive provide smooth and quiet operation, perfect for room adjacent garages that demand minimal noise. Belt drive offers the ultimate in quiet operation.

CodeDodger[®] access security system

The latest in CodeDodger[®] technology that selects a code from billions of combinations each time a remote or wireless keypad is used. Prevents piracy of the radio signal for the utmost in security.

Auto seek dual frequency range

The opener listens for both the 315 or 390 MHz frequency emitted by the remote or wireless keypad, allowing reliable operation even in areas with frequency interference.

DoorDetect[™] monitoring and diagnostic system

Delivers the optimal amount of power needed to efficiently and smoothly open even the heaviest doors. Stops the door when abnormal operation is detected for additional safety.

Self-diagnostic Safe-T-Beam[®] system

When objects pass through the infrared beam, the door automatically stops closing and then reverses.

Two-bulb lighting system

Two 100 Watt bulb lighting system provides added safety and convenience. Optional Overhead Door[®] LED bulb recommended.

Compatible with both HomeLink[®] and Car2U[®] systems – works with current and all previous versions.
